Product Code:
PARF

No More Painting When You Install FSP's Unique PVC Post & Rail Fencing

A light and flexible alternative to metal and timber fencing.

FSP has designed and engineered unique components for our Post & Rail fencing system.

Post & Rail Fence Wire Clip End Cap Foot and base T-Join Cross Join Pivot Join Right Angle Join

These components make them rust, saltwater, and UV-resistant. Our PVC Post and Rail Fencing system is an ideal replacement option for steel and wooden fencing that you probably currently have.

Possible uses are horse paddock fences, livestock holding yards and industrial fencing. The Post & Rail Fence is a system of modular components for constructing heavy-duty PVC fences.
