FSP OZ PRODUCTS
www.fspozproducts.com

For Schools & Business

FSP Oz Products are designers, manufacturers and distributors of a variety of high-quality polyethylene and polyurethane products, including the very popular Oz Loka® lockers

Oz Loka® lockers which are based on a simple modular system that allows you incredible flexibility. You can choose different body base sizes / footprints. Choose different sized doors and different door colours in the same locker bank or within a single locker body. Our full range is featured in this booklet.

Introducing Oz Loka®

Look at all these outstanding benefits ...

Oz Loka® lockers have unique advantages over lockers made from other materials such as timber and metal. They are designed to last and to keep looking good in all environments. Oz Loka® Lockers are easy to clean - simply hose them out.

- The lockers are made of heavy-duty polyethylene with a high-grade stainless steel hinge - so they are perfect for wet areas, coastal locations and the outdoors.
- UV stabilised with a ***HUGE*** range of anti-fade colours to choose from
- Lightweight and stackable so they are easy to move and install
- Quieter than metal or timber lockers, no banging doors
- **No painting required!**
- Easy to clean and lowest maintenance. Just hose them out!
- Proven strength and durability - backed by our 15 year warranty.
- **Graffiti is easier to remove**
- Smooth Corners - No more sharp edges

Build your OzLoka® Lockers Your Way

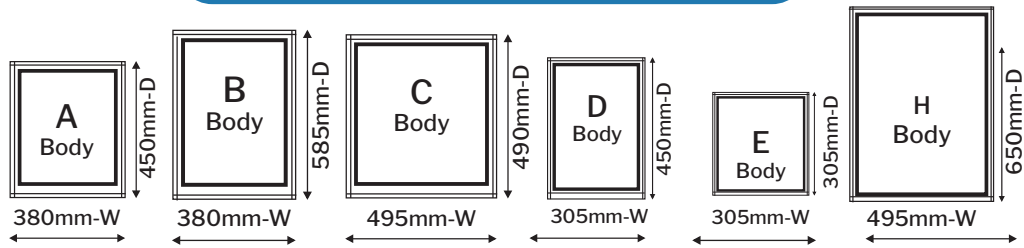
The Oz Loka® system is based on a simple modular system that allows you incredible flexibility. Choose your locker body - then your locker height - finally how many doors.

Create your own unique locker installation in three simple steps:

1 Choose OzLoka® Locker Body

Select from 6 different locker body sizes - A series (standard), B series (deeper unit), C series (wide unit), D series (narrowest unit), E series (smallest) and New H series (widest and deepest).
Not all bodies available in 9 different heights (step 2)

OzLoka® Base Sizes



Standard width & depth. Up to 1930mm high	Standard width and & deeper. Up to 1930mm high	Wider & deeper than standard. Up to 1930mm high	Narrowest width & standard depth. Up to 1930mm high	Narrow width & shallow depth. Up to 1930mm high	Widest and deepest. Only in 880mm high

International Patent No. 1050325

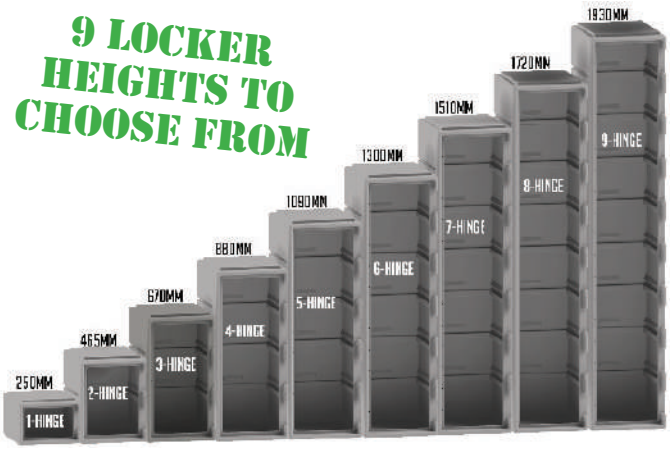
Slight size variation may occur due to manufacturing process. Speak to a sales consultant for more information.

Build your OzLoka® Your Way... *continued*

2 Choose OzLoka® Height

- Choose 1 - 9 different locker heights.
- Height ranging from 250mm to 1930mm.

Height	Hinges
250mm	1
465mm	2
670mm	3
880mm	4
1090mm	5
1300mm	6
1510mm	7
1720mm	8
1930mm	9



Choose OzLoka® Doors:

3

- Select the standard single doors or multiple doors.
- You can have different colour doors and size combinations.
- The team at FSP can create a custom Oz Loka® solution to fit your exacts needs.

International Patent No. 1050325

Slight size variation may occur due to manufacturing process. Speak to a sales consultant for more information.

The OzLoka® Standard Size Locker

The **A series** is the most popular locker in our range. It is wide enough for a back pack and motor bike helmets. Customers utilise shelves when going over 2 hinges high. **Perfect for the education sector and the work place.** Talk to our locker experts about our other widths and depths.
